

Ultimaker S5 Pro Bundle

Product data sheet

Industrial production power on your desktop

The Ultimaker S5 Pro Bundle combines our most powerful 3D printer with its breakthrough Material Station and Air Manager. Together, they simplify your 3D printing workflow with automated material handling, efficient air filtering, and filament humidity control. This open and unique solution gives you the flexibility and confidence to print large, demanding applications with an extended range of materials – with up to 24/7 productivity.

Material handling without the hassle

Spend less time configuring your 3D printer and more time innovating. The Ultimaker S5 Pro Bundle delivers the market's widest range of materials in conditions perfect for 3D printing. No worries about first-layer adhesion, temperatures, or filtering ultrafine particles (UFPs) – every setting is predefined and every print job monitored via our award-winning software tools.

Key features

- ✓ **Large enclosed build chamber:** Safely print bigger parts at consistent temperatures for better results
- ✓ **Advanced active leveling:** Reliable first-layer adhesion, enables unattended use
- ✓ **Award-winning interface:** One touchscreen to control all integrated components
- ✓ **Replaceable EPA filter:** Removes up to 95% of UFPs for air quality peace of mind
- ✓ **Zero-maintenance humidity control:** All spools stored at < 40% relative humidity
- ✓ **Load spools in seconds:** 6 front-facing bays make loading easy (even during a print)
- ✓ **Automatic material switching:** Sensors detect if a spool runs out and loads the next
- ✓ **Easy setup and monitoring:** NFC spool recognition, filter usage tracking, built-in camera
- ✓ **Composite materials compatible:** Print parts with high-strength and unique properties

Why choose Ultimaker

3D printers that simply work

Our award-winning 3D printers are robust, reliable, and easy to use. They deliver quality parts time and again. Designed and tested to run 24/7, they allow you to achieve the results you need more quickly and easily.

Software ready for Industry 4.0

Trusted by millions of users across 14 languages, Ultimaker Cura integrates with any workflow through Ultimaker Marketplace plugins. Then scale production and digital distribution with Ultimaker Digital Factory.

Material choice like never before

Ultimaker offers the widest material choice on the market. Through our Material Alliance, choose the perfect filament for your application – from advanced polymers to carbon fiber composites.

Support dedicated to your success

Wherever you are in the world, Ultimaker support is close by. Our global network of service partners offer professional installation, training, and maintenance in your language and time zone.
